#### 3. BMP

Kane County will update its storm sewer mapping in GIS to include the location and size of all County-owned stormwater outfalls to receiving streams in the urbanized area, and will distribute up-to-date mapping and information across County departments including the Facilities, Transportation, and Emergency Management departments. Update the stormwater system map layer on an annual basis to incorporate new stormwater outfalls identified. Plato Township has been sent a copy of these maps and will work with Kane County to Verify the mapping in Plato Township and add to any existing mapping by communicating with the Water Resources Department.

The link below allows access by the Highway Department to these maps.
