

Plato Road January 2023 Report

We have had six events so far that we have either plowed or salted the roadways.

All snow removal equipment is in working order.

We still have a good supply of salt in the shed and pre-wet chemical in the tanks.

We are dealing with multiple beaver dams in Plato Township that are either effecting private property or a roadway in some fashion.

We are working with the City of Elgin and the Plato -Rutland Drainage District to find a solution to remove the beavers and the dams.

We are starting to service all the summer equipment and create maintenance list for that equipment.

We continue to patch Potholes as needed.

If you witness fly dumping anywhere in town please report it to the Sheriff's department at 1-630-232-8400.
